

Board of Directors

Lana Tipton

Although I began my hunting adventures during my teenage years, my compassion and true love for the outdoors started in 2005. I have served on SCI's Board for the past 3 years and I truly believe in this organization. I am proud to be a member.

Tim Tipton

I found my love for wildlife and the outdoors at a young age. I enjoy sharing my experiences and teaching friends and family the wonders of the great outdoors. I have served on the Board of Directors for 2 years. I feel SCI is the single most important organization any outdoorsman should be long to.
